Summary

Front-End developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure work is done effectively and efficiently and picking up the slack when necessary. With over 2 years of experience in customer service and satisfaction, I have developed and imbibed a customer-first approach in my code implementations. I'm looking forward to joining a team that helps sharpen my skills and improve my capabilities.

Experience
